MF2613**en**/2614**en**

Perfect multifunctional systems for small workgroups, the d-Color MF2613en and MF2614en A4 colour systems are the answer to users looking for **compact** office devices delivering **high performance**. The automatic duplex for both print and scan function speeds up workflows, while the four paper-input channels (bypass and three trays*) guarantee complete **flexibility** for document production on all paper formats.
Robust, with long-life components, the d-Color MF2613en and MF2614en ensure operating continuity in the office and **keep running costs to a minimum**. As **environmental friendly devices**, the systems feature a low-energy white LED scanner bar to copy and scan, and eco-friendly packaging made from recycled materials.
